Instructions for Team Captains and Coaches: Provide the following information for each member of both your Men's and Women's teams (list Men down from the top and women up from the bottom). Use the "RotationSequence" columns on the right to indicate the running order rotation of those skiers entered in the slalom, tricks and jumping events, with your best man and woman in each event coded as 5. The next best coded as 4, and so on. Also, place codes in the "Help" column on the right to indicate those team members who will serve as Helpers. Use a "J" to indicate those who have (or are working on) a judge's rating, a "S" for those with safety training, or an "X" otherwise.
